Updated 10/2019

00020569 Version 2

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

This document includes the list of the drugs (formulary) for our plan, which is current as of 10/2019. For an updated formulary, please contact us or visit our website at www.fideliscare.org. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2020, and from time to time during the year.

What is the Fidelis Legacy Plan Formulary?

A formulary is a list of covered drugs selected by Fidelis Legacy Plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Fidelis Legacy Plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Fidelis Legacy Plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.

- If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on the steps you may take to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Fidelis Legacy Plan’s Formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost-sharing tier. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 31-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Fidelis Legacy Plan’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2020 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2020 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year

To get updated information about the drugs covered by Fidelis Legacy Plan, please contact us. Our contact information appears on the front and back cover pages.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 6. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular”. If you know what your drug is used for, look for the category name in the list that begins on page number 61. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 61. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Fidelis Legacy Plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Fidelis Legacy Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Fidelis Legacy Plan before you fill your prescriptions. If you don't get approval, Fidelis Legacy Plan may not cover the drug.
- **Quantity Limits:** For certain drugs, Fidelis Legacy Plan limits the amount of the drug that Fidelis Legacy Plan will cover. For example, Fidelis Legacy Plan provides 30 pills per prescription for Pioglitazone. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Fidelis Legacy Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Fidelis Legacy Plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Fidelis Legacy Plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 6. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted on line a document that explains our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Fidelis Legacy Plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Fidelis Legacy Plan's formulary?" on page 4 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Fidelis Legacy Plan does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Fidelis Legacy Plan. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Fidelis Legacy Plan.
- You can ask Fidelis Legacy Plan to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Fidelis Legacy Plan's Formulary?

You can ask Fidelis Legacy Plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level. If your drug is contained in our non-preferred brand tier you can ask us to cover it at the cost-sharing amount that applies to drugs in our preferred brand tier. If your drug is in our non-preferred generic tier, you can ask us to cover it at the cost-sharing amount that applies to drugs in our preferred generic tier instead. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Fidelis Legacy Plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Fidelis Legacy Plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary exception. **When you request a formulary exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover a temporary supply of your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover at least a temporary supply of up to 30 days worth of medication when you go to a network pharmacy. A B/D drug is a drug covered under Part B or Part D of Medicare (Fidelis Legacy Plan will determine whether a particular prescription is covered under Part B or Part D). Therefore, B/D drugs are not eligible for a temporary supply. After you have exhausted the 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days. If you and your doctor decide you should continue taking this drug(s), you, your authorized representative, or your doctor will need to submit a request for prior authorization or

formulary exception in order to meet requirements or to make an exception to restrictions or limits before continued coverage of your drug(s).

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with a 91-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 34-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

Fidelis Legacy Plan's Formulary

The formulary below provides coverage information about the drugs covered by Fidelis Legacy Plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 61. The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., BICILLIN) and generic drugs are listed in lower-case italics (e.g., *ampicillin*).

The information in the Requirements/Limits column tells you if Fidelis Legacy Plan has any special requirements for coverage of your drug. For example, "PA" means prior authorization is required. (This means that you will need to get approval from Fidelis Legacy Plan before you fill your prescriptions); "ST" means that step therapy is required. (This means you may be required to try certain drugs for your medical condition before we will cover another drug for that condition); "QL" means that quantity limits apply (Fidelis Legacy Plan limits the amount of the drug that Fidelis Legacy Plan will cover); "B/D" means that the drug is covered under Part B or Part D of Medicare (Fidelis Legacy Plan will determine whether a particular prescription is covered under Part B or Part D).

PA - Prior Authorization QL - Quantity Limits ST - Step Therapy NM - Not available at mail-order B/D - Covered under Medicare B or D LA - Limited Access
